

Creating a Compass Account

Your Compass account allows you to sign up for services and manage your documents when it's convenient for you. There are also tools that will help you learn more about your homebuyer readiness. To create an account, you will need to have an email address.

How to Get Started:

1. Go to <https://nwhomepartners.org/login/> and click **"Start an account."**

2. Click on **"Buy"** and then check the box next to "I am interested in one-on-one advising." (You may also select other services at this time.)

3. Select the primary area where you are interested in purchasing a home. (You can also add other areas if you wish.)

4. Check **"I consent to receive documents electronically."**

5. Click **"Save."**

6. On the next screen, enter your name, email address, and phone number and click **"Create Account."**

7. Check your email and click on the link that says, **"Confirm Your Account."**

8. When you confirm, you'll be prompted to create a password. When your password is created, you'll be logged in and can continue.
